

JACK-O-LANTERN GIFT BAGS

Sly-smiling Jack-O-Lanterns are what every party—and party goer—needs. Use them as table decorations, set-around décor or fun party favors.

You Will Need:

From Savers/Value Village

- Black yarn

Other supplies

- Paper lunch bags
- Pen or pencil
- Double-sided tape
- Scrap pieces of construction paper or lightweight cardboard
- Orange matte spray paint
- Hole punch
- Swirl candy sticks (orange/white or black/white)
- Candy and treats to fill the bags

Directions:

- 1) Draw the elements of your pumpkin face onto the construction paper or cardboard and cut them out (triangle eyes, crooked mouth, etc.).
- 2) Completely open up a lunch bag and arrange the pumpkin face pieces on the outside of one side of the bag. Use double-sided tape to temporarily stick the pieces in place.
- 3) Spray the entire outside of the bag with a light coat of orange spray paint. Ensure to only spray a fine amount, as you do not want to soak the bag. Carefully remove face pieces and allow bag to completely dry.
- 4) For party favors, fill the bag with wrapped candy, plastic spider rings, vampire teeth and other goodies.
- 5) Punch two holes approximately 1" apart near the top of the bag through both layers. Thread black yarn through the holes, add the swirl candy stick, and tie to close.
