

# Recovered Desk Chair

This stylish revamped desk chair will keep you studying at your desk in style. A cast-off dining room chair from Savers/Value Village, coupled with fabric from a men's shirt, are all you need for an instant furniture makeover.

## Cost:

- \$6.99 Men's dress shirt
- \$9.99 Chair

## You Will Need:

- 1 large men's shirt in fabric pattern of your choice (cotton button down shirts are durable and work well)
- Old chair with cushion
- Staple gun
- 1 bottle spray paint in your color choice
- Craft glue

## Instructions:

**Step 1:** Carefully remove seat from the chair (use a screwdriver to help pry it off as needed).

**Step 2:** Spray paint the chair and allow to dry completely.

**Step 3:** Wrap the top of the seat cushion with the back of the men's shirt.

**Step 4:** Use the staple gun to attach the fabric to the back of the seat cushion along one edge; place staples approximately 2" apart.

**Step 5:** Pull the fabric tight across the seat to the opposite side and attach with staple gun.

**Step 6:** Repeat steps 4&5 with the remaining two sides of the seat.

**Step 7:** Pinch the corners of the fabric together and fold down to create a perfect edge; pull taut and attach to back of cushion with staple gun.

**Step 8:** Reattach the seat to the chair using craft glue
